Truck features:

- Ideal for small stores and warehouse which require low-frequency and relatively low-level stacking.
- Ideal for block stacking or for use in racking.
- Available in manual or electric version. Maximum lift capacity 800 kg, maximum lift height 1600 mm.
- Clearview mast design allows exceptional visibility when pushing and placing/retrieving the load.
- Pinch protecting device at the steering wheels and parking brake allow safer working environment.
- Robust forks minimize bending down for heavy loads.
- The Ministacker can be equipped with wide support arms that straddle the load, allowing operation with a variety of difference pallet sizes.
- Wide Support arms can be combined with adjustable forks.
